

PROMO STAR TENTS

- **PROMO STAR TENTS** have a unique shape and large imprint area that will grab people's attention. Standing 20 feet tall, this tent towers above all other tents. Not only does this tent make a large impact but it has a fast set up time and can collapse into a bag that can fit into the trunk of a car.
- **PROMO STAR TENTS** are constructed with the highest quality material and are made with 500 denier oxford polyester.
- **PROMO STAR TENTS** are designed for optimum sun protection, shade, water resistant, fire-retardant, and UV protection.
- **PROMO STAR TENTS** can be custom printed with your brand colors & logos. We use full digital color image reproduction to create a lasting impression for your brand.

500 Denier Oxford Polyester No Set-Up Charges!

Pricing Below for Promo Stars

This unique design will create excitement and branding at your event! These tension fabric structures are the easiest tents to set-up and the unique shapes really grab attention. They are supported by a single or double center pole and use ground up tension to stay secure. The only installation required is to put the stakes in the corners and the 20 Foot tall Pole in the middle. The PromoStar tents fold down into carry bags which fit in the trunk of a car. Its six arches give added visual appeal and at 6.75' high entrances make it easy to entering the covered area. Quickly set up in less than 1 hour.
